AGRICULTURE TOURS

For a first-hand look at Montana's largest industry, agriculture, you'll find a variety of farms and ranches (detailed in the ranches/resorts section of this guide) which offer accommodations and, in some cases, opportunities to participate in daily farm and ranch life. Visit sheep, cattle and horse ranches, and tour the breeding, feeding and processing facilities. Learn about producing the world's finest wheat, visit a dairy farm or check out the honey production at an apiary. Some farms and ranches offer day tours, while others offer lodging for one or more nights. Individuals, families and groups are all welcome. Prices will vary according to the tour and lodging/meal arrangement.

FISHING

All nonresidents need a license to fish. However, nonresidents under age 15, if they are in the company of an adult who has a valid Montana license, do not need a license. The limit for the two anglers combined cannot exceed the limit for one. Nonresidents have two options for purchasing a fishing license. A license for March 1 through the following February is $45 in 1998. A consecutive two-day license is $10. A $5 conservation license is a prerequisite for each and must also be purchased in order to fish.

Residents must purchase a conservation license ($4) and a fishing license ($13). Residents 12 to 14 years of age or 62 or older need only a conservation license. Residents with disabilities who have been certified by Montana Fish, Wildlife & Parks need only a conservation license. Residents younger than 12 are not required to have a license. Regulations are outlined in the *Montana Fishing Regulations* available at any Fish, Wildlife & Parks office or licensing agent.

Yellowstone National Park requires anglers to obtain a $5 license. Fishing regulations are available at ranger stations and visitor centers throughout the park. Glacier National Park does not require a license, but those fishing must follow regulations available from ranger stations and visitor centers throughout the park.

Anglers should look for brown fishing access signs along the roads and highways. These signs designate public access to rivers, streams and lakes for fishing and picnicking.

Visitors wanting to fish on any of Montana's Indian reservations should contact tribal offices for regulations. (see Indian Reservations)

NATIONAL PARKS

A Golden Eagle pass permitting entry into all national parks in the United States is $50, valid for one year from the date of issue. Golden Age passes for American citizens 62 and older are available for $10/person; Golden Access passes for disabled persons are free. Passes are available at entrances to the parks.

Yellowstone National Park
The world's first national park is renowned for its spouting geysers, bubbling mud caldrons, canyons, rivers and lakes, waterfalls and abundant wildlife. Yellowstone encompasses 2.2 million acres of scenic beauty. Three of the entrances to Yellowstone are in Montana—West Yellowstone, Gardiner and Cooke City. A seven-day combination pass to Yellowstone and to Grand Teton National Park in Wyoming is currently $20 per private vehicle. There is also an annual pass to Yellowstone and to Grand Teton available for $40.

Accommodations in Yellowstone are available May-Oct and Dec-March. Park closes the first Sunday of November to vehicle traffic; park re-opens the third Wednesday of December through the Monday of the second full week in March for snowmobile traffic. Park re-opens to vehicles in spring; weather conditions determine all opening/closing dates—call for details prior to traveling.

OFF-HIGHWAY VEHICLE USE

U.S. Forest Service and BLM lands provide trail riding opportunities for off-highway vehicles (OHV), such as motorcycles and ATVs. For trail information, contact the Forest Service office or BLM office closest to the area where you plan to use your OHV. (See regional sections in this book.)

All OHVs used for recreation on public lands must be registered and display a current OHV decal. A nonresident using an OHV that is not registered in a nonresident's home state must purchase a nonresident temporary-use permit. Permits and regulations are available from any Fish, Wildlife & Parks office.

STATE LANDS

A State Lands Recreational Use License, which is available from Fish, Wildlife & Parks license agents, is required to conduct most recreational activities (including hunting and fishing) on state lands. Pamphlets that provide information regarding the rules, regulations and restrictions governing these recreational activities on state lands are available from Fish, Wildlife & Parks offices, Fish, Wildlife & Parks license agents and offices of the Department of Natural Resources & Conservation.

STATE PARKS

Montana's state parks are outdoor recreation centers for the state. Many offer camping, hiking, water sports, wildlife watching and fishing. While entrance to many parks is free, a fee is charged at developed facilities ranging from $1 per person to $4 per vehicle. State park passports, which allow unlimited access to state parks for one year, are $24 for non-residents, $20 for residents; or $16 for residents and non-residents if purchased between Dec. 1 and Feb. 14. A second pass can be purchased for half-price. The passport does not cover camping fees. Fees are subject to change.

WATCHABLE WILDLIFE

A pair of binoculars will come in handy as you discover the pleasures of one of Montana's most popular pastimes—wildlife watching. Elk, deer and antelope roam freely across open plains and prairies. Hundreds of different bird species, including bald eagles, hawks and great blue herons are frequently spotted. Montana is home to bison, mountain goats, bighorn sheep and the last remaining grizzly bear population in the lower 48 states. Look for the brown and white signs depicting binoculars as you travel. These point the way to designated wildlife viewing sites. A tip from the experts: the best time to see wildlife is right at dawn and, second best, at dusk. Montana Wildlife Viewing Guides are available for purchase through local bookstores or by calling 800-582-2665.

VIRGINIA CITY AND NEVADA CITY

Where History is High Fashion

Experience Montana 1865-style. Walk the same boardwalks that desperate Vigilantes once patrolled. Window shop the same storefronts where your forebears once purchased frontier necessities and Victorian finery. Eat and drink in the same saloons and restaurants where rowdy miners mingled with women of negotiable affection.

MAKING A DIFFERENCE

Discovering all the wonders of our country is exciting. Travelers today are inspired by all we have and want to help protect our vast resources. We take this responsibility seriously in Montana, and we would like to offer a few tips for helping preserve the beauty, as well as the integrity, of our state:

- Help preserve our heritage. Do not take anything from, or otherwise disturb, old mining camps, ghost towns or other historical features.
- Leave the land, its flowers and other plants as you find them, in a natural state for others to enjoy.
- Respect the rights of others to enjoy their favorite forms of recreation.
- Respect the rights and property of others. Comply with signs and barriers. Always get permission before walking or driving on private land.
- Use trash receptacles. If there are none, carry litter until you can dispose of it properly.
- For your safety, as well as conservation, enjoy wildlife from a distance.

Many Montana communities are well-known for their outstanding friendliness and welcoming spirit. Help us preserve these attributes by respecting our traditions, customs and local regulations.

Support the local economy...look for the Made in Montana label when you shop.

You can make a difference. Help ensure Montana remains as it is for future generations to discover anew.
